Some on set Experience
Basic Avid Xpress
Basic Camera Skills
Basic Lighting Skills
Basic Color Correct

Print Production

Adobe Photoshop
Adobe Illustrator
Adobe Indesign
Quark Xpress
Font Management
Layout Principals
PrePress Ability

Experience

(2005 - Present) Whitmar Electronic Press

Freelance Print Designer

Anything from brochures to calendars to catalogs, using whatever format necessary, but primarily Adobe Indesign.

(2004) Jonathan Berman's "Commune"

Editing/Compositing (Additional Editing Credit)

Converted from Avid Xpress Format to Final Cut Pro and fixed resulting errors, added cuts, added stills, added motion effects to stills, and added captions and credits.

(2001 - Present) Platt College

Teaching Assistant

Asisting students with school projects, and troubleshooting computer system problems and HTML. Worked in classes for Photoshop, Illustrator, Quark Xpress, HTML, InDesign, After Effects, Final Cut Pro, and Script Writing.

(2001 - Present) Evergreen Research

Freelance Designer

Various print projects including: product packaging design (boxes, and blister packs), die creation, brochure design, flyer design, magazine ads. In addition to work done specifically for Evergreen Research I did some private label designs for companies they work with.

Sites Created

I have been creating websites for the past 4 years. Listed are a few clients I have done work for.

TouchofArnica.com

Massage services from Beck Randall.

WeMakeitVegan.com

Created entire site using CSS layers for dropdown menus.

Stickyard.com

Created for a construction company on Maui called Ram Pacific West.

Education

Platt College (2000-2004)

Bachelor of Applied Science in Multimedia

Focus on Web Production and Video Production

Personal Interests

In my free time I enjoy using computers, and learning new techniques with them. I am also interested in movies, television and other media types. I hope to combine my interests in these two things to create Video content for the web.
